Bible Society

www.biblesociety.org.uk

We live in a world where too many people don't engage with the Bible. In some parts of the world, the Bible is difficult to access or not available. In this country, the Bible is readily available but has lost its significance, and its value is unrecognised by millions.

Bible Society is working hard to change this. They take the Bible and find ways to translate and distribute it, create digital formats, champion its place in society and help people relate to it and make sense of it in their everyday lives.

For over 200 years, Bible Society has been working to bring the Bible to life. This mission drives many activities including translation and distribution projects. Elsewhere it focuses on leadership training, or literacy programmes, or interfaith dialogue. UK focuses are helping people understand the importance of the Bible to our society, schools outreach (including Open the Book) and devotional resources.

All Bible Society's efforts are driven by one firmly-held belief: that when people engage with the Bible, lives can change - for good.

So, let's thank God that we are free to own and use the Bible, and to encounter Jesus through its pages; let's commit to reading and valuing the Bible; and to living out Bible truth. Let's actively support Bible Society in their work, helping to keep the Bible's message alive for future generations.

Please pray for the work of Bible Society:

Around the world

Bible Society translates and distributes Bibles around the world so people can experience the Bible in their heart language, especially in China, Middle East and Southern Africa.

In England and Wales

Against a backdrop of widespread indifference, Bible Society works to help adults and children recognise the value of the Bible. Pray particularly for Open the Book teams working in local schools.
