CPAS enables churches to help every person hear and discover the good news of Jesus Christ.

CPAS is committed to mission and equipping churches for their God-given task of evangelism. They believe the most strategic way to help churches become more mission-focused is by developing effective leadership.

“We long to see a Christ-centred, Bible-based, mission-focused Church:

- where leaders are clear about their call to discipleship, growing in Christ-like character, and competent to lead in a time of rapid change;
- where leaders discern God's direction, enable action, build teams, develop leaders, facilitate communication, and nurture people;
- where leaders work in teams, reflecting the diversity of ministries, and model themselves on the servant character of Jesus;
- where leaders help transform inherited churches, pioneer emerging churches and deliver creative residential ministry, effectively helping children, young people and adults hear and discover the good news of Jesus Christ.”

Please pray for their work, which includes:

- making disciples of young people and developing them as leaders through Ventures and Falcons;
- resourcing churches in developing missional leaders;
- developing key local church leaders for mission;
- taking a national lead, as Patron in more than 500 benefices, in furthering missional leadership.
