## Prison Fellowship

[www.prisonfellowship.org.uk](http://www.prisonfellowship.org.uk)

Prison Fellowship's vision is that every prisoner should have access to support and prayer, and their mission is to show Christ's love to prisoners by coming alongside them and supporting them. They seek, through prayer and practical care, to help, support and develop a Christian ministry to prisoners and their families.

### Prisons Week is normally in October each year.

With almost 80,000 people in prison in the UK, Prison Fellowship's vision is to offer every prisoner access to prayer, practical support and care, delivered through their 2,000-strong network of volunteer members. Our local Prison Fellowship group is based in Sheringham, and draws members from across North Norfolk. Prison Fellowship aims to support every prison in England and Wales. We have two local prisons - HMP Norwich and HMP Bure - and both are prayed for regularly. Volunteers help run Prison Fellowship programmes, Bible studies, Alpha Courses and chapel services; and work with prison chaplaincies in a wide variety of ways. Prison Fellowship also runs three major programmes in these prisons:

- **Angel Tree** supports prisoners in their family relationship by providing a way for them to give Christmas presents to their children.
- **Sycamore Tree** is a victim-awareness programme teaching the principles of restorative justice.
- **Letter writing** helps prisoners to feel valued and supported. More than 150 Prison Fellowship volunteers are trained letter writers.
