# Scripture Union

**Scripture Union**

**Scripture Union aims to reach children, young people and their families with the good news of the transforming love of Jesus, through the Bible.**

A particularly important current project is the **95 Campaign**, which aims to reach the 95% of children and young people that are not in our churches.

Scripture Union publishes a variety of engaging and high-quality books and resource packs to support Holiday Clubs, Sunday Schools, Churches and school groups. They also provide resources to support the very popular Guardians of Ancora online adventure.

Each year, a wide range of holidays and missions give children and young people the opportunity to find or to grow in their faith and overseas challenges allow young adults the opportunity explore Christian service in a range of settings and cultures.

In the last few years, Scripture Union has been growing an effective mission through its sports strategy in England and Wales. Working in rural, urban and inner-city contexts with local churches and Christians to connect and share faith with children and young people outside the church. "At its simplest level this is about providing opportunities for the language and activity of sports and games to collide with the language of faith."

You can support Scripture Union by praying for their work (their Connecting You magazine and prayer letter is available at the back of church), by giving or by volunteering to serve on one of their events.
